

Millions for a New Stomach

One of the greatest American millionaires said to his physician, "A million dollars, Doctor, spot cash and no grumbling, for a new stomach," and then the sick man groaned and turned away. All his wealth could not make him happy or contented, for happiness largely depends upon digestion. Without health where does happiness come in? After all the stomach plays a great part in everyday life. Without a healthy stomach and good digestion our blood is thin, watery and poor, our heart action is weak, our liver does not do its duty, and man is miserable and unhappy. Prevent disease by putting the house in order and strengthening the system against the germs of disease.

Dr. Pierce, of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., years ago understood diseases and their prevention, and he discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that could be easily prepared at the drug store (liquid or tablets). This he called Dr. Pierce's Golden Medical Discovery. This Discovery gives no false stimulation because it contains no alcohol or any narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood. It gives to the blood the food elements the tissues require. For over fifty years it has enjoyed the confidence of the American public. Try it now!

Devices on Old Playing Cards.

In the seventeenth century English cards were embellished with heraldic designs. The king of clubs bore the coat of arms of the pope of Rome. Spades, diamonds and hearts were adorned respectively with the armorial devices of the kings of France, Spain and England.—Cleveland Plain Dealer.

FIRE DESTROYS LYRIC THEATRE AT OWINGSVILLE

The Lyric Theatre at Owingsville, caught fire on last Saturday night, just as the crowd was entering the building, and was completely burned before the blaze could be controlled. The fire started from the projecting machine and spread to the framework of the building. All who were in the house escaped before the danger became great and no one was hurt.

The school building, which adjoins the theatre, was damaged slightly, while the county jail and residence of the jailer were partly burned. The fire department of Mt. Sterling was summoned, but arrived too late to do more than prevent the fire from spreading. The loss was covered partially by insurance.

No man of reasonable availability has had longer training as a dark horse possibility than Col. House.

THE WOOL SITUATION

On the matter of wool, the Farm Bureau statement says:

"The main facts bearing on the present wool market are:

First, money stringency; Second, difficulties in transportation, both of raw wools to the mills and finished products to the retailers.

"According to the Bureau of Markets the mills of the United States consumed 66,900,000 pounds of wool during April, 1920, as compared with 45,000,000 during the corresponding month last year.

"There is no over supply of fine wools and prices for these grades should be as high as last year.

"Farm bureaus in Iowa, Illinois, Indiana, Wisconsin and Minnesota are shipping their wool to the National Wool Warehouse and Storage Company at Chicago, Ill., and they propose to hold their wool until they receive a fair price. Thanks to the American Farm Bureau Federation, the Federal Reserve Bank has made definite plans for financing wool growers who want to hold their wool.

"If any farm bureau in Kentucky wants to ship their wool to Chicago, this office will furnish you with full particulars as to the method of procedure and will explain how you can obtain loans from your banks, on this wool, while in storage at Chicago.

WATCH YOUR BLUEGRASS PASTURES.

Now is the time to remove all weeds, particularly the sour dock, from bluegrass fields that are going to be kept for this season. It is much easier to remove these weeds before stripping the bluegrass than it is to remove other seed after it becomes mixed with bluegrass seed. Approximately 76% of all samples of bluegrass received at the Experiment Station in 1919-1920, showed contamination from sour dock. This is a very high percentage and if the farmers of the Central Bluegrass expect their bluegrass seed to compete with that from other States like Missouri, they should make every possible effort to have the seed free from sour dock. In some cases the percentage of sour dock seed in samples was so high that it did not meet with the requirements of the Kentucky Seed Law.

The farmers in the Bluegrass have improved the germination by improved methods of handling, the stripped bluegrass seed, and if they will follow up this improvement by removing sour dock and other contaminating weeds at this season, Kentucky bluegrass will be of the highest quality.

COURTESY OVER THE TELEPHONE.

How do you "appear" over the telephone?

People judge you by your voice the moment you answer their call. They may never have seen you. Possibly they never will see you. But if you have answered the telephone bell when they called an impression has been created as definite as your physical appearance.

An abrupt "hello" is rude. Moreover it wastes your time and that of the party at the other end of the wire, because it requires further inquiry as to identity.

There is a business etiquette about the telephone. It should be observed punctiliously as part of the telephone service. Responses should be given in this manner:

In case of a department head—"Mr. Jones speaking."

Other than department heads—"Telegraph Department, Mr. Smith speaking."

This indicates to the party calling with whom he is about to converse.

A., is spending his vacation there.

LET'S GO TO EAGLE PASS!

Living on the border has its advantages these days. It is but a few steps from Eagle Pass, Texas, over into Mexico, where a cool, foaming, refreshing glass of beer can be had, and there are many on this side who avail themselves of this opportunity. Hundreds cross the bridge every day to imbibe the amber-hued liquid with the old-fashioned kick in it and they return perfectly orderly. Traveling men love to linger long in this section and many a "hefty" order is topped off with a Mexican dinner "el otro lado" washed down with a glass of beer.
